

D*I*Y Planner Hipster PDA Edition v3.0 Core Package

Welcome to the **D*I*Y Planner** system, developed by Douglas Johnston of DIYPlanner.com. This series of free do-it-yourself, printable forms covers life management, calendars, project planning, notetaking, finance, and creative uses like writing, storyboards, and photography. This **Hipster PDA Edition** package contains approximately a hundred printable templates and covers, and on our site, you'll also find a detailed handbook brimming with advice, a beginner's guide to setting up your own customised planner system, and a community of helpful people ready to share ideas and new templates of their own. With some basic supplies and a little elbow grease, you can create an ideal low-cost kit that meets almost every need.

This the **D*I*Y Planner v3 Core Package**, the main file for the system, containing scores of forms for life and project management, as well as a number of generic templates and various odds and ends.

The most recent version of this package, along with the rest of the printable template kits, can always be found at:

<http://www.diyplanner.com/templates/official/hpda>

The DIYPlanner.com site also contains handbooks, how-to guides, and numerous articles that can help you make the most of your planner. Visit the [site home page](#) or the [documents section](#) to get started.
